## About EACHBUY

EACHBUY is a Professional R&D and Supply Chain company for Electronics / Pet Supply / Garden /Pest Control / Home and Office over 10 years which located in Shenzhen China.

We are helping large amazon sellers to boost their business with improving their current products' Quality and Reducing Cost as well as design and develop new products from 0 to 1.

We are about relationships that create success. We believe there is a lot of value in what we do, and we believe in doing it well. Our business is different from most others.

For us to be successful, two other parties need to be successful – our clients. We're about making connections that create value and reward for both parties. We foster an atmosphere of fun, courtesy and mutual respect while being committed to professionally understanding your requirements and situation, but more importantly the long-term cooperation.

## High-Voltage Shock Humanely Kills Rodents

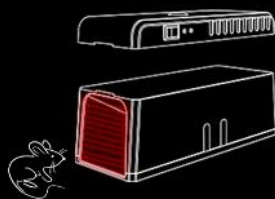

The unit will deliver a high electric shock reach to 7000v for 1 minute, then impulse electric shocks imitating the rat heartbeat at 15HZ will continue for another 3 minutes. Total shock lasts 4 minutes. Ensure the rat was 100% Killed

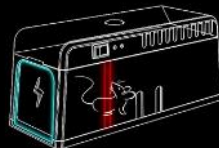

## Smart Sensor and Intelligent chip control

The device is designed with two infrared sensors. When the rodent enters the trap this smart rat trap immediately detects the rat or mouse and emits a quick electric shock that causes to kill any kind of rat without any pain. The trap human rat trap always works for you. You don't need to keep on guard you just need to see whether the mouse is caught or not into the rat trap.

step1

step2

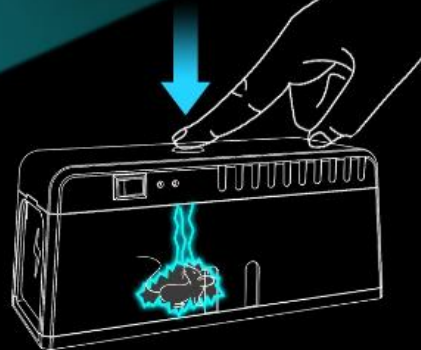

step3

## Manual Shock Button

press the manual shock button if you notice that the mouse is not killed yet even you can press more than once if you notice that the rat is not killed.

## Built-in rechargeable battery

It can be flexible placed at any place where rat appear even without power socket. With the built-in battery, The standby time by can 3 weeks

No Need Change battery
